## Advertise on your floor!

emco advertising mats for motorcycles and bicycles fulfil a wide variety of purposes. The advertising mats can create impact at the point of sale in bicycle and motorcycle stores. Printed with the advertising campaign, they can present individual brands, or be used as a high-quality entrance mat to support the corporate design.

## Your idea, your design. On custom-printed logo mats

Whether used as a rider mat by racing teams, as advertising material for bicycle and motorcycle manufacturers, or as workshop mats, emco environmental mats combine functional properties such as dirt collection and moisture absorption with customised design and freely selectable dimensions. Keeping floor surfaces clean!

## Keeping it clean and sustainable!

emco motorcycle mats with regenerated ECONYL® yarn safeguard floors and protect the environment. Carpet and fabric scraps, along with fishing nets that are no longer needed, are collected and recycled into regenerated nylon. The aim is to return all products containing environmentally friendly ECONYL yarn that are no longer needed to the first step of the regeneration process. The result is endless recycling.

## Make best use of floor surfaces in the motorcycle and bicycle trade!

Call attention to bike and motorcycle brands at the point of sale and present them perfectly. Our custom-print motorcycle mats can be decorated with customers' own logos, figurative marks or slogans, enabling brands to be showcased at the point of sale in showrooms.

## Did you know that ...

...our workshop mats are machine washable up to 60 degrees.

...the underside has a heavy anti-slip coating.

...the mats are environmentally friendly.

...our multifunctional mats, made from ECONYL® yarn, reduce CO<sub>2</sub> emissions by up to 90% compared to oil-based materials.

...our mats are rollable, transportable and storable.

### emco logo mats bring corporate design into the entrance area!

Our custom-print floor mats are made in Germany and can be designed with a logo or motif of choice to fulfil a variety of functions. With them, brands can be displayed right from the entrance area.

### Workshop mat. Garage mat. Environmental mat. Pit mat. Keeping the floor clean!

Motorcycle enthusiasts know the problem only too well: they're working on their 'bikes, and the result is a filthy floor in the garage or workshop, or even in the paddock at competition tracks. Our custom-print dirt collection mats provide the solution, offering protection for floors together with comfort for the knees.

They make it easy to comply with FIM guidelines.
