

Model 542 SG

The toughest of all the robust weather-proof solutions available. For picking up significant amounts of coarse soiling in heavily frequented buildings.

Outside (Zone 1)

Description

Roll-up, extremely hard-wearing entrance mat for heavy loads, for supported and self-supporting laying. Can be rolled over and also driven over by pallet trucks and goods vehicles. The special profile shape and height enable more dirt to be collected between the profiles. Mats produced to fit width and walking depth specifications perfectly, without the need for adjustment profiles. Any geometric shape is available.

Outside
(Zone 1)

Street dust, hair, sand, ash, textile fibres, small leaves and twigs, loose chippings, coarse sand, small gravel particles

Extremely durable

Flammability in accordance with European standard Cfl-s1. (Tested by the Textiles & Flooring Institute GmbH).

4 year warranty
