Outside (Zone 1)

Description

Extremely robust, general purpose mat with excellent cleaning effect (for protection against coarse dirt). Because it is easy to clean and offers a straightforward water drainage system as well as a high level of temperature resistance (-30 to +50 °C), it is also ideal for outdoor areas with snow and high levels of moisture.

EMCO

Model Structura 220 B

Approx. height (mm)	22
Weight (kg/m²)	14,6
Tread surface	Octagonal honeycomb pattern. Dimensional tolerance +/- 1.5%
Material	High-quality solid rubber, weather-proof and abrasion-proof
Water drainage	Dimples on the underside combined with open honeycomb bases ensure excellent water drainage
Technical details	Rubber honeycomb mat equipped with single-colour double-ring brush inserts in every second honeycomb (approx. 290 brushes/m ²) for protection against coarse and fine dirt. Special formats available
Custom mats	Bespoke cuts enable practically any dimensions to be accommodated. (Mat sizes up to approx. 2 m ² are manufactured with the parts bonded together; larger mat systems are supplied in several parts - with solid rubber connection elements)

Panel size in mm	1500 x 1000
